MAYOR'S MESSAGE

Dear Friends and Neighbors,

Thank you for all your support and encouragement. It's been a challenging 2007, but I am optimistic that great things will ensue in 2008 for the Borough of Lindenwold.

I would like to wish all of you a **Safe and Happy Holiday Season.**

To Accomplish Great Things, We Must Not Only Act, But Also Dream; Not Only Plan, But Also Believe.

~Author: Anatole France~

God Bless.

Frank DeLuca
 Mayor

THANK YOU - LINDENWOLD

Lindenwold Day was held Saturday, September 22, 2007 this year.

Lindenwold had a parade, amusement rides, all day live entertainment, over 60 vendors, and even fire works to top off the evening.

Many of our community were there to celebrate our home town. Thank you to all of our civic, sports, community, and business organizations, for coming out and sharing in this special day. A special thanks to Lindenwold School District, Lindenwold Fire District, and Lindenwold Mayor & Council for their participation and support.

A special Thank You goes to The Lindenwold Public Events Committee for all of their hard work, planning, dedication and handling of all of Lindenwold's Public Events.

Keep up the great work, and we all look forward to another year of wonderful events; out door concerts & movies at Lindenwold Park, parades, egg hunts, and what ever else you bring to Lindenwold.

DID YOU KNOW?

By: Councilwoman Cheryle Randolph-Sharpe

The Lindenwold Public Library system was not established until February of 1965 prior to that date; children's books were on loan from the Camden County Free Library for the summer beginning in 1952. Two women of Lindenwold, Mrs. Margaret Mumie and Mrs. Viola Schumacher (both teachers) were responsible for this program. Books for loan were obtained by "stopping by" their homes. The Lindenwold Public Library was officially instituted on Monday, February 1st, 1965 and was located in School #1 in the nurse's office at Linden and White Horse Pike. In 1969 was the official opening of the new Lindenwold Library located at 310 E. Linden Ave, it was a vacant home purchased by the borough and converted into the library. The community outgrew this building and in June of 1975 the ground breaking of new library building took place. December 1975 the library opened and the former library was demolished. The new library was dedicated to Mrs. Viola Schumacher. Today the library has over 3,000 members, 16,000 books, 950 movies, 12 public computers with internet access, printers, fax/copy services, craft programs, homework/study areas and hosts community group events.

The Linden tree remains our Borough seal.

ELECTION NEWS

There will be an additional election day next year. The Presidential Primary Election will be held on February 5, 2008.

PLAN AHEAD FOR WINTER SAFETY

**Officer RoseAnn Torres
 Crime Prevention/Community Policing Unit**

Exposure to cold temperatures, whether indoors or outside, can cause other serious or life-threatening health problems. Infants and the elderly are particularly at risk, but anyone can be affected. To keep yourself and your family safe, you should know how to prevent cold-related health problems and what to do if a cold-weather health emergency arises. These procedures will help you to know when to seek medical care and what to do until help becomes available. There are steps you can take in advance for greater wintertime safety in your home and in your car.

TOP TEN THINGS YOU CAN DO TO HELP KEEP WATER CLEAN

1. Never throw anything down storm drains. They are for rainwater only.
2. Don't litter. Always put trash where it belongs.
3. Always clean up after your pets. Obey your town's "pooper scooper" law.
4. Tell others how important it is to keep our land and water clean.
5. Plant a tree. They take pollutants out of ground water, provide shade, and clean the air.
6. Find out what waterway you live near. Where does your water come from?
7. **Precycle!!!** Buy products that use the least amount of packaging.
8. Recycle!!! Find out what is recyclable in your community. Buy products in recycled or recyclable containers.
9. Learn about environmental issues. Get involved in local organizations.
10. Conserve water whenever possible. For example, turn off the water while brushing your teeth and don't linger in the shower.

TRASH COLLECTION NOTICE REMINDER

Contractors are responsible for removal of the material they generate from the repairs, remodeling, additions or construction of the property.

If you are doing the work yourself, you may put out for collection small amounts of construction debris. Please remove all protruding nails or hammer them down before you put the material at the curbside. Contact the Public Works Department at 856 783-1848.

HOLIDAY SCHEDULE FOR TRASH AND RECYCLABLES COLLECTION

If your collection day falls on these holidays, please see below for schedule for alternate collection days.

Holiday	Collection Day
Christmas, Tuesday, December 25	December 26

LATEX PAINT DISPOSAL

Beginning in 2008, we will no longer be accepting latex paint at the Camden County Special Waste Collections.

Latex paint is water based and is considered non-hazardous.

To properly dispose of latex paint remove the lid and let the paint dry out naturally. You may add kitty litter, sand or commercial paint hardener to speed the drying process.

The cans should be placed at the curb on your normal trash day with the lid removed.

For additional information call the Division of Environmental Affairs at 609 858-5241.

- 1. It's free!** Membership is free; Borrowing books, movies, to use a computer
Wireless internet service also available.
- 2. Books!** We have books you'll like. Scary ones, funny ones, sad ones, long ones, short ones. We have books to read a little bit of when you're bored, books you'll want to read from start to finish, books to help you with homework, or finish a project.
- 3. Computers!** You can use our computers to check your emails, surf the net, type your homework, make a resume, make posters. Anything you like, so long as it's safe.
- 4. Magazines!** The library is the only place where you can read a magazine without buying, and not get in trouble.
- 5. Movies!** You can check out the latest movie, and watch it for free. Video or DVD.

EMERGENCY SUPPLIES LIST

An alternate way to heat your home during a power failure:

- dry firewood for a fireplace or wood stove, or
- kerosene for a kerosene heater
- furnace fuel (coal, propane, or oil)
- electric space heater with automatic shut-off switch and non-glowing elements
- blankets
- matches
- multipurpose, dry-chemical fire extinguisher
- first aid kit and instruction manual
- flashlight or battery-powered lantern
- battery-powered radio
- battery-powered clock or watch
- extra batteries
- non-electric can opener
- snow shovel
- rock salt
- special needs items (diapers, hearing aid batteries, medications, etc.)

WINTER SURVIVAL KIT FOR YOUR HOME

Keep several days' supply of these items:

Food that needs no cooking or refrigeration, such as bread, crackers, cereal, canned foods, and dried fruits. Remember baby food and formula if you have young children.

Water stored in clean containers, or purchased bottled water (5 gallons per person) in case your water pipes freeze and rupture.

Medicines that any family member may need.

INDOOR SAFETY

Heat Your Home Safely

If you plan to use a wood stove, fireplace, or space heater, be extremely careful. Follow the manufacturer's instructions. Remember these safety tips:

- Use fireplace, wood stoves, or other combustion heaters only if they are properly vented to the outside and do not leak flue gas into the indoor air space.
- Do not burn paper in a fireplace.
- Ensure adequate ventilation if you must use a kerosene heater.
- Use only the type of fuel your heater is designed to use—don't substitute.
- Do not place a space heater within 3 feet of anything that may catch on fire, such as drapes, furniture, or bedding, and never cover your space heater.
- Never place a space heater on top of furniture or near water.
- Never leave children unattended near a space heater.
- Make sure that the cord of an electric space heater is not a tripping hazard but do not run the cord under carpets or rugs.
- Avoid using extension cords to plug in your space heater.
- If your space heater has a damaged electrical cord or produces sparks, do not use it.
- Store a multipurpose, dry-chemical fire extinguisher near the area to be heated.
- Protect yourself from carbon monoxide (CO) poisoning by installing a battery-operated CO detector and never using generators, grills, camp stoves, or similar devices indoors.

POWER FAILURE SAFETY

If there is a power failure:

- Use battery-powered flashlights or lanterns rather than candles, if possible.
- Never leave lit candles unattended.
- Never use a charcoal or gas grill indoors—the fumes are deadly.

Never use an electric generator indoors, inside the garage, or near the air intake of your house because of the risk of carbon monoxide poisoning:

- in appliances to the generator using individual heavy-duty, outdoor-rated cords.
- Do not use the generator or appliances if they are wet because of the risk of electrocution.
- Do not store gasoline indoors where the fumes could ignite.

WINTER SURVIVAL KIT FOR YOUR CAR

Equip your car with these items:

- blankets
- first aid kit
- a can and waterproof matches (to melt snow for water)
- windshield scraper
- booster cables
- road maps
- mobile phone
- compass
- tool kit
- paper towels
- bag of sand or cat litter (to pour on ice or snow for added traction)
- tow rope
- collapsible shovel
- container of water and high-calorie canned or dried foods and a can opener
- flashlight and extra batteries
- canned compressed air with sealant (for emergency tire repair)
- brightly colored cloth

WHAT TO DO IF YOU GET STRANDED

Staying in your vehicle when stranded is often the safest choice if winter storms create poor visibility or if roadways are ice covered. These steps will increase your safety when stranded:

- Tie a brightly colored cloth to the antenna as a signal to rescuers and raise the hood of the car (if it is not snowing).
- Move anything you need from the trunk into the passenger area.
- Wrap your entire body, including your head, in extra clothing, blankets, or newspapers.
- Stay awake. You will be less vulnerable to cold-related health problems.
- Run the motor (and heater) for about 10 minutes per hour, opening one window slightly to let in air. Make sure that snow is not blocking the exhaust pipe—this will reduce the risk of carbon monoxide poisoning.
- As you sit, keep moving your arms and legs to improve your circulation and stay warmer.
- Do not eat unmelted snow because it will lower your body temperature.
- Huddle with other people for warmth.

COMMUNITY CORNER

MARIE C. BURROWS SCHOLARSHIP FUND AWARDED

The Borough of Lindenwold is pleased to announce the first two awardees of the Marie C. Burrows Scholarship Fund. A scholarship award of \$500.00 each was presented to one female and one male Lindenwold resident graduate. Miss Samantha Bragg, an eighteen year resident, plans a career as a physical therapist and attends Camden County College. Also, Mr. Matthew Magill, an eighteen year resident, is planning a career as a speech language pathologist and attends Richard Stockton College of New Jersey.

Congratulations to both recipients, we wish you the very best! The Marie C. Burrows scholarship will be awarded annually to one female and male that embodies the spirit and goals of the late Marie C. Burrows.

LOOKING GOOD!

The children of Lindenwold are "looking good" in their new school uniforms. The parents of Lindenwold recently voted to adopt a new school dress code.

CONGRATULATIONS SCHOOL BOARD!

Congratulations to Lindenwold School-Board member Cathy Moncrief for earning the New Jersey School Board Association's highest honor; the "School Board Member of the Year" award.

He was the Assistant Chief of Lindenwold Fire Company from 1967-1980. He has been the President of Lindenwold Fire Company #1 from 1983 to the present, and also presently the Secretary of Lindenwold Fireman's Relief Association (Benefits Firemen in Need)

LINDENWOLD ARTIST BRINGS COLOR TO HISTORICAL BLACK & WHITE PHOTOS

Harry Martin, a very talented resident of Lindenwold, has been bringing life to old black & white photos of Lindenwold for over the past 7 years. He has done paintings from photographs of historical places in Lindenwold, most are from the late 1800's.

The Peter Parker Country store, which was located on Berlin Rd., the Lindenwold train station, which was located on Linden Ave & Berlin Rd., and The Linden Hotel now Moby Dick's, to name a few. Harry also designed a logo for Lindenwold's 75th anniversary in 2004. The logo includes trains from 1929 to the present.

All paintings were donated by Harry, and are proudly on display at the Lindenwold Library.
